Assent to Participate

We want to know if preparing and participating in New Jersey 4-H Public Presentations helps young people gain valuable skills in communication, confidence, and organization. Please answer the questions about what you know NOW about public speaking. It will only take about 10 minutes to complete.

We won't share your individual answers with anyone and we don't ask any questions that can link your evaluation back to you. Only the county or state 4-H staff conducting the program will see the evaluations and they will stay at the county or state 4-H Office. Group results may be used in a report on this study or presented to other professionals.

There are no risks to you for participating in this evaluation, but you may not receive any direct benefit from participating in the evaluation. You may choose not to participate without any penalty or points deducted from your presentation score. In addition, you may choose not to answer any statement with which you are not comfortable.
