

1991 4-H Somerset County Government Careers Day

Feedback from County Officials

The first 4-H County Government Careers Day was held Tuesday, December 3, 1991. It was co-sponsored by the Board of Chosen Freeholders and the 4-H Youth Development Program of Rutgers Cooperative Extension of Somerset County.

Youth participants completed an evaluation of their experiences. We would also like feedback from the Divisions who hosted the youth and other County officials involved in the program. Please comment on:
