

Wise Credit Management Quiz

Do you want to use credit wisely and pay less to borrow money? Start by taking this quiz to assess your current credit-related practices. Choose the score that best describes the frequency with which you practice each of the 20 credit management actions listed below. The first seven questions require a yes (5) or no (1) answer. The remaining 13 require an answer ranging from 1 to 5 as described below.

When you're done answering each of the questions, add up your total score. The summary at the end of the quiz will tell how you're doing with respect to your use of credit.

- ___ 1. My latest credit report lists all my credit accounts as "current" or "paid as agreed" (write "5" for "yes" and "1" for "no" (or if you have not ever checked a copy of your credit report) for this question).
- ___ 2. My current ratio of monthly consumer debt (e.g., car loan, student loan, credit card) payments to monthly net income (e.g., $\$500 \div \$2,800 = 17.86\%$) is less than 20% (write "5" for "yes" and "1" for "no" for this question).

- ___ 5. The last time that I got a loan or credit card, I compared at least three different lenders before applying (write "5" for "yes" and "1" for "no" for this question).
- ___ 6. I am *not* "upside down" on *any* of my loans (i.e. owe more than the value of the item that the loan was taken out to finance) (write "5" for "yes" and "1" for "no" [meaning that you are upside down on one or more loans] for this question).
